## **BIO**

I am a hard-working character with a growth mindset who loves to expand my knowledge, this develops me into a quick learner open to learn from my mistakes. I'm a complete finisher and all about completing things to the highest standard, no matter what it may be. I'm a positive student with excellent academic knowledge and abilities which enables versatility throughout different aspects. I'm a bright and warm-hearted person that isn't afraid to communicate with others and bring a positive and energetic attitude.

## **HOBBIES & CLUBS**

Passionate football/futsal player and competitive track runner, also enjoy playing basketball in my spare time. Love to cook and bake new things with my family and often visit their houses. Aiming to be a real estate agent and business analyst in the future with my interest in Economics and Math. Enjoy gaming on my playstation and personal computer.

Chelsea Foundation – played football within Chelsea Foundation football and futsal club (2019 – 2022)

Model Unites Nations – debating club, strengthening critical thinking and debating skills. Also encouraged me to think faster on the spot which improved my decision making. (2022 – 2023)

## **STRENGTHS & SKILLS**

- |                             |                    |

| - Dedicated                 | - Fluent in French |
| - Flexibility               | -Coordination      |

## **WORK EXPERIENCE / VOLUNTEER HISTORY**

### **School representative (St Joseph's collage induction day) – 2021-2023**

- Aided my school in presenting different subjects and courses towards younger kids with their parents. This enabled me to show off leadership and management skills as a school council and shown enthusiasm in aiding parents of any concern.

### **Teaching work experience (Good Shepherd Catholic Primary School) – 2023**

- I have been a positive role model towards the younger kids and maintaining a positive attitude alongside proactiveness throughout my placement for multiple days. Supported a variety of children during my time and was helpful in all aspect whilst demonstrating patience and collaborative skills.

### **Cancer Volunteering – 2022**

- Orchestrated in collecting & fundraising money for cancer research by hosting a verity of football games and athletics competitions with a team of 5. Was in charge of supervising grass field where track events were being held in order ensure safety and fairness of games.

### **Small business owner – Current**

Directed a booking website for other business owners, targeting people who provide services by creating a subscription service. I facilitated in allowing them to create their own availability times and creating website designs. I controlled their services and prices and also potential discounts/coupon codes for business promotions to help them grow. Doing this I gained proficiency in managing an effective and efficient website, receiving/making telephone calls and understanding customer needs.

## **EDUCATION**

### **St Joseph's College – 2019 to present**

- GCSE's: Currently studying all core subjects alongside religious studies, business, geography and Spanish with predicted grades of 7 for all of them

- A-LEVELS: Looking to advance in education and do Economics, Engineering and Maths

**New Addington, Croydon, London**
